The Medicinal Chemistry Summit: USA

Global Engage is pleased to announce as part of their Drug Discovery Series of events, The Medicinal Chemistry Summit: USA which will be held on September 17th – 18th 2018 in Boston, USA. This event will be the sister meeting to their successful European Medicinal Chemistry Summit of 2017.

Synopsis

Designed to attract experts working in all areas of medicinal chemistry, The Summit has three tracks focusing on key topics such as hit-to-lead optimization, protein degradation, DNA encoded libraries, SBDD, small molecule immuno-oncology research, and the use of Artificial Intelligence in the drug discovery process. The Summit will provide a forum to network, learn and engage with senior representatives of leading pharmaceutical and biotech companies worldwide.
