### **Open a Cannabis Business**

Quickly identify the national opportunities, legislative parameters, associated risks, business models, regulations and steps necessary to open a cannabis business. This class will teach you how to be a viable competitor in the licensing process using specific steps and proven systems. Learn to review operational infrastructure and develop procedures necessary to remain in compliance with all laws and regulations. Learn how to appropriately scale into the business. Once you have taken this class you will understand the most important business fundamentals to get started into the cannabis industry. You too can succeed in this burgeoning industry and build a successful business and this class will teach you how. This is a historically unique time where people can pursue the American dream. This business is set to produce billions of dollars in revenue next year. Get in on the ground floor of America's premier cash crop.
