Overview:

This presentation will cover the scope, status and results of the surveillance inspections and what they may mean for the future of 21 CFR Part 11. This will enable you to determine whether your company is subject to the most common violations so you can take action to have a better inspection outcome.

Why should you Attend:

In December 2010 the FDA changed the way it does audits to include 21 CFR 11 add-on inspections. Very little is known about this, yet the FDA has already issued citations on the subject.

Areas Covered In the Session:

What is FDA's most current thinking related to computers and electronic records?

What are the inspection trends?

What are most frequent recent citations for Part11?

Who Will Benefit:

Everybody using computers in FDA Regulated Environments

IT Manager and Staff

QA Managers and Personnel

Regulatory Affairs

Speaker Profile:

Angela Bazigos Seasoned Executive with 40 years of experience in the Life Sciences & Healthcare Industries. Positions include Chief Compliance Officer. Experience combines Quality Assurance, Regulatory Compliance, Business Administration, Information Technology, Project Management, Clinical Lab Science, Turnarounds and Business Development.
