**Organizer :** Hanson Wade

**Venue :** Aloft Boston Seaport District

**Location :** 401-403, D Street Boston  
Boston, MA, USA, ZIP: 02210

---

Returning for its 7th year, IMPACCT: RWE provides top innovators and leaders in the RWE space with a comprehensive industry forum dedicated to supporting and advancing the generation and utilization of real world evidence across drug life cycle, from clinical development to commercialization.

Join your peers and leading experts in this space for a collaborative open discussion aiming to tackle key challenges to accelerate the meaningful implementation of RWE-approaches to enhance clinical RandD outcomes, drive patient-centricity, and maximize the success of launch and commercialization activities.

This collaborative discussion platform will bring together stakeholders from functions across clinical development, HEOR, regulatory and medical affairs, epidemiology and RWE, to overcome key challenges to define and implement a meaningful evidence generation plan that can effectively enhance clinical RandD, support regulatory submission and decision-making, and ultimately drive commercial success.
