

Blood-Brain Barrier (B3DD) Summit 2019

Date : Aug 13, 2019 - 08:00 AM - Aug 15, 05:00 PM

Event URL : <http://www.BostonEventsList.com/events/blood-brain-barrier-b3dd-summit-2019-aug-2019>

Organizer : Hanson Wade

Venue : Wyndham Boston Beacon Hill

Location : 5 Blossom Street,
Boston, MA, USA, ZIP: 02114

Ticket Price: Conference + 2 Workshops: USD 3797.0, Conference + 1 Workshop: USD 3398.0, Conference Only: USD 2899.0, Workshop(s) Only: USD 599.0

As drug developers seek to find and develop effective technologies for delivering therapeutics to the CNS, the Blood-Brain Barrier Delivery Summit (B3DD) has been developed to deliver the industry's first conference dedicated to addressing the translational challenges of effective and safe delivery of CNS drug candidates.

With an emphasis on biologics, and built with the field's leading minds from the likes of Biogen, Genentech, Armagen and Denali, the B3DD Summit will unite over 60 industry stakeholders giving you the opportunity to develop new partnerships and build on existing relationships to ensure you have the connections to accelerate your drug's development.

- Assess the in vivo and in vitro models available to determine their predictability and prevent clinical failure
- Evaluate CNS drug delivery approach success and toxicity in preclinical research to de-risk clinical trials
- Discuss the challenges of quantifying drug target exposure to develop more accurate strategies
- Evaluate the different technologies in development for CNS delivery to effectively cross the BBB
- Explore the latest BBB technology innovations to build landscape awareness and make robust commercial decisions
- Calculate dosage for effective treatment and maintained target exposure to allow effectiveness and account for toxicity

- Learn about BBB biology in health and disease and how this may affect drug delivery in certain indications
