THE ANNUAL EVENT FOR GLOBAL IP LEADERS
JUNE 16-18 2019
THE WESTIN BOSTON WATERFRONT, BOSTON

In the face of the fourth industrial revolution, it has never been more important to ensure that IP strategy is fully aligned with overall business goals – or to recognise that traditional models of IP value creation could well be redundant in a time of unprecedented technological development, innovation and convergence.

IPBC Global's 2019 programme is focused on exploring all the key issues that this new era of change presents for corporate IP leaders, as well as policy makers, investors, the legal profession and third-party service providers.
